YEARLY EVENTS AT GAVNØ

Since the 18th century, the historic garden, has offered large collections of thousands of flowers and rare trees. In April, many variants of the early spring invigilators can be enjoyed, such as daffodils, pearl hyacinths, crocuses and others. In May, the country's well-known and most spectacular tulip exhibition can be experienced. Tulips are replaced by thousands of summer flowers and in August, the country's only lily festival in a symphony of colors and scents can be enjoyed. The rose garden is flourishing from July until October. The garden develops throughout the season and always offers our guests a sensual experience.

April - September

Visit Denmark's largest Christmas market with 150 stands in the historic farm buildings from the 19th century. All stands are carefully selected, and we emphasize quality and diversity. Here you will find a large selection of handicrafts, delicacies and food, Christmas decorations, wine and handicrafts.

The Café Tulip offers a classic Danish Christmas buffet. Reservation is necessary. DKK 80 per person (min. 20 personer).
